Experience and technology

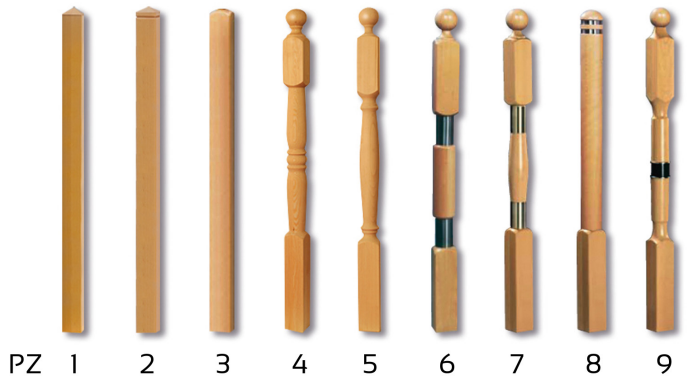

The Zapotocki Stairs company was found in 1973. Since then, we have come a long way from a little carpentry workshop to immense stairs company. Thanks to the best quality, experience in carpentry craft and the newest technology we are able to pursue the most ambitious projects.

ZAPOTOCKI
Schody Treppen Stairs

1

Beech Residence

A classical beech stairs, varnished for the nut tree colour, is matching a cottage residence very well. Curved elements and newel posts are stressing the exceptional character of this staircase.

2

3

5

Larch Classic

Larch stairs with open stringers. Treads' colour matches the colour of the floor while the colour of stringers harmonizes with the white walls. This staircase brightens it's space and fills it with it's warm character.

4

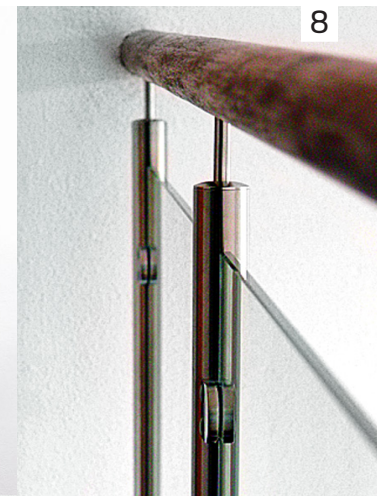

6

Wood and Steel

Winder stairs made of the European nut tree. The stainless steel balustrade is formed in parallel railings. The mixture of wood and steel is giving the interior a modern character.
